Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Tuesday 22 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A chilly night. Sunny spells tomorrow.

This Evening and Tonight:
Staying dry overnight, with cloud dissipating through the evening to allow for largely clear skies overnight. Turning chilly under the clear skies with patchy mist possible by dawn in some prone locations. Minimum temperature 4 deg C (39 deg F).

Wednesday:
A largely dry and fine day with sunny spells. A little more cloud, at times, in the northwest of the region, giving, perhaps, a spot of light rain. Maximum temperature 22 deg C (72 deg F).

Outlook for Thursday to Saturday:
Cloudy on Thursday, with outbreaks of rain. Further rain on Friday becoming showery and possibly heavy or thundery later. Occasional showers on Saturday, with some brighter spells.
